

Advertise in AIP Advances to reach thousands of leading researchers in this new, rapid-publication journal focusing on applied research in the physical sciences.

Associate your products or services with the most up-to-date experimental results impacting all branches of the physical sciences. Topics covered include:

- **Lasers and Optoelectronics**
- **Condensed Matter Physics**
- **Semiconductors**
- **Magnetism and Magnetic Materials**
- **Superconductivity**
- **Modern Optics**
- **Dielectrics and Ferroelectrics**
- **Organic Electronics and Photonics**
- **Nanoscale Science and Design**
- **Applied Biophysics**
- **General and Interdisciplinary Physics**

AIP Advances offers Advertisers:

An exclusive opportunity to position their company and products in the newest unrestricted access journal in applied physics. Advertisers reach an influential and specific audience at a fraction of the cost of other journals.

Products of interest to researchers include:

Cryogenics, lasers, spectrometers, microscopes, detectors, imaging software, magnetometers and nanovoltmeters, and more.

Advertising Opportunities

Get measurable results and take advantage of AIP Advances Online Banner, E-Newsletter, and Table of Contents Alert Banner Advertising.

The screenshot shows the AIP Advances website interface. At the top is the AIP Advances logo and a navigation menu with links: Home, About, Authors, Reviewers, Advertisers, Scitation, and AIP Journals. Below the navigation is a main content area with a header paragraph about the journal's focus on applied research in physical sciences. A list of benefits is provided under 'AIP Advances offers you:'. To the right, there are two vertical banners: one for 'First 100 articles FREE' and another for 'HIDEN ANALYTICAL' with a 'plasma characterisation' image. Below the main content are several sections: 'About AIP Advances', 'How to submit', 'Stay in touch', 'Evaluating your work', and 'Contact us', each with detailed text and contact information.
